

The Sheffield Private School welcomes children from all communities and ability groups. The school has an inclusive admissions policy that gives national and expatriate students access to a unique, culturally relevant curriculum. The curriculum has the English National Curriculum at its core, enhanced by an enriching extra-curricular programme which provides opportunity for every child to succeed and to become a confident lifelong learner. As an international school, we understand the need to provide the highest possible level of education which, most importantly, allows world-wide opportunities for our students. Our students progress on to a wide range of universities and higher education institutes across the world.

Students begin their educational journey in Foundation Stage 1 (FS1) where they follow the Early Years Foundation Stage curriculum. From Year 1, students move to the English National Curriculum, enhanced and adapted to take account of our multi-cultural student body and our status as an international school. In Years 10 and 11, students study for IGCSEs accredited by Cambridge International Exams (CIE), AQA and Edexcel examination boards. We also offer a range of vocational BTEC First courses for students who want the option of just course work leading to a qualification rather than examinations. In Years 12 and 13, students have the choice of a wide range of AS and A Level subjects along with some BTEC options.

The academic year usually runs from September to June. Students are admitted throughout the year, subject to availability of seats and compliance with guidelines issued by the KHDA (Knowledge and Human Development Authority).

We aim to make the process of finding out about the school and applying for a place as easy as possible. Our Admissions Team is here to help and guide you.
